About

The Community Builders' transformative mission is to build and sustain strong communities where all people can thrive. Through our housing communities, we unlock opportunity and economic mobility for families, seniors and adults with disabilities.

For more than 60 years, we have grown into one of America's leading nonprofit housing organizations. Today, we develop, own, and manage more than 18,000 affordable and mixed-income homes across 30 cities.

We advance our powerful mission through a nonprofit real estate portfolio that includes housing, neighborhood businesses, and community spaces. **More than just housing, TCB homes provide people with a stable foundation and a platform for success and mobility.**

The Power of Home Why Support Us?

With support from donors like you, TCB Community Life resident initiatives advance opportunity and economic opportunity for children, adults and seniors. Community Life coaches help residents pursue their dreams with better credit scores, increased savings, and more social connections.

Your gifts to TCB Community Life open new doors to wealth, health and opportunity to our residents.

Since 1964, our partnerships have built or preserved homes for over 30,000 households in 30 metro areas. This year, TCB built nearly 1,000 new homes and expanded our management portfolio by more than 3,500 residences the Northeast, Mid-Atlantic and Midwest.

We've also created space for local entrepreneurs to thrive and operate shops, restaurants and schools that make good neighborhoods great.

The Community Builders' vision remains clear: a world with vibrant, safe neighborhoods in which all people live in healthy homes, with access to resources and opportunities to pursue their dreams.
